THREE POWERFUL ENTREPRENEURS SHARE THEIR CHILL-OUT PLANS THIS SUMMER. BY LUKE HIMMELSBACH

**MARCELLA CACCI**  
FOUNDER AND CEO OF ONE  
OCEAN BEAUTY  
@oneoceanbeauty

**First thing you're going to do in the Hamptons?** Hit the spa at Gurney's. It's my home away from home and all-time favorite place to stay in Montauk.  
**What's the proper way to kick off a Hamptons summer?** Diving head first into the ocean.  
**Summer 2019 plans?** Just relaxing with friends and getting into my 'blue mind.'  
**What is your idea of 'Best of the Hamptons'?** Dinner parties in the Hamptons are always fun because there's so much fresh seafood and vegetables.  
**How do you plan to circumvent the traffic?** Trying to leave early morning or late night on Fridays.

**MICHELLE FARMER**  
PRESIDENT, DESIGNER AND  
FOUNDER OF MICHELLE FARMER  
COLLABORATE RESORTWEAR AND  
FINE JEWELRY BOUTIQUES  
@michellefarmercollaborate

**First thing you're going to do once in the Hamptons?** Kick off my shoes and head down to the beach for sunset with my husband and dogs!  
**What is the proper way to kick off a Hamptons summer?** Paddling with Helen Gifford and Gina Bradley from Paddle Diva followed by a lazy lunch at Duryea.  
**Summer 2019 plans?** Getting healthy, enjoying the moment, and reconnecting with friends and family.  
**What is your idea of 'Best of the Hamptons'?** The best of the Hamptons to me is more about places and experiences with the people I love there.  
**How do you plan to circumvent the traffic?** We are in Bridgehampton so we can easily get to anywhere. We love walking into town when the traffic gets crazy or just enjoying our property and letting everyone come to us!

**ELENA FRAMPTON**  
FOUNDER OF FRAMPTON CO  
@frampton\_co

**First thing you're going to do once in the Hamptons?** See the new Parish Art Museum photography exhibit *Thomas Joshua Cooper*.  
**What is the proper way to kick off a Hamptons summer?** Forget the kitchen being the center of the house! The best times are poolside.  
**Summer 2019 plans?** I can't wait for June 1 to unveil the latest installation at Exhibition, my gallery below Frampton Co.  
**What is your idea of 'Best of the Hamptons'?** I have so many favorite spots, but for me the true gift of living in the Hamptons is the light and space.  
**How do you plan to circumvent the traffic?** My studio and gallery are walking distance to my house and easily accessible from the LIRR.
